☐ Basic ☐ E911 ☐ Phase I ☒ Phase II Deleted: ☐

Dates of Project: Begin: 2/1/2009 Complete: 6/1/2009

Purpose of Grant:

Place street signs in the remaining communities in Piute County. When the original grant was requested for Piute County no consideration was given to the community signage. As the mapping has been completed by the AGRC many streets need new street signs to correspond to the AGRC Grid. The city of Kingston has signage that is virtually unusable due to age. The request is to install new street signs in the communities of Marysvale, Junction, Kingston and Circleville.
